ABOUT ME

A civil engineer (transport engineer) with an interest in dealing with pavement design issues. I like to contribute both as a unit and as part of a team, always respecting the final objective.

SARKIS – SOTIRIOS MALEVIZIAN

Graduate Civil Engineer

WORK EXPERIENCE

2016 Dimensioning of space for the renovation of a well – known hotel •DIARCHON S.A.

2023 – 2024 Steel frame shed design for the expansion of HNDGS gym, Footbridge design •MOMKA

EDUCATION

2° Senior High School of Nea Smyrni "Homerion"

- **2014** High School Diploma

National Technical University of Athens

- **2023** Diploma in Civil Engineering (Integrated Master)
- **2023** Thesis: Comparative analysis of equivalent axle load methods for flexible pavement design

Brno University of Technology

- **2018 – 2019** Studies via the Erasmus student exchange program

The University of Michigan

- **2012** Certificate of Proficiency in English (ECPE)

SKILLS

Microsoft Office • Word, Excel, PowerPoint, OneNote

Software • AutoCad, SAP2000, 3D – Move Analysis Software, ArcGIS, Autodesk Revit LT

Languages • GNU Octave, MATLAB

Driving License • Category B

EDUCATIONAL COURSES / SEMINARS

2020 BIM Fundamentals for Engineers (Coursera)

2020 BIM Application for Engineers (Coursera)

2020 BIM: Highway and Transportation Infrastructure Modeling (Autodesk)

ARMY OBLIGATIONS

2023 – 2024 Accomplished
