## Investigation of infrastructure aspects in the rail freight terminal of TRAINOSE SA in Thessaloniki and synthesis of proposal for their improvement

Scientific Responsible
Associate Professor **Athanasios Ballis** 

The project focuses on the investigation of competitiveness aspects of the rail service that originates at the Rail terminal at the Port of Piraeus, passes the Terminal of Thriassion, continues to the Rail Terminal of Thessaloniki and from there though FYROM, Serbia, Hungary and Slovakia, ends at the Rail Terminal of Pardoubice in Czech Republic, from which freight flows continue towards central Europe
